JOLION

Who is GWM?

Built for the world, by the world.

GWM is a world-renowned vehicle manufacturer and the parent company of HAVAL.

At GWM, everything we do is grounded in our corporate philosophy: 'improving little by little, every day.' From building world-class research and development systems, which enable continuous innovation, to following the 'excessive investment' principle, which drives industry leadership, we relentlessly put our philosophy into practice.

HAVAL is a global SUV specialist and part of the rapidly-growing GWM group. We are proud to make vehicles that combine the best components, technology and safety features from around the world. With over 6 million sales to date in more than 60 countries (and counting), we are the No.1 SUV brand in the world's largest market and have been for the past 15 years. We attribute our success to passion, drive and a commitment to listening to our customers.

Design

Influenced by bold architecture and mastered by modern engineering, the Jolion is a vehicle that embodies intelligent thinking. From sleek lines to aluminium alloy wheels – no element of sophistication has been spared.
Finished with LED headlights and taillights, this elegant SUV is sure to get attention on and off the road.

Smart Safety

The HAVAL Jolion is built with features designed to keep you safe, no matter how long your journey is.

If you're ducking out the shops, the 360° Around View Monitor will help you park in the tightest of spots. On the other hand, on a road trip the Adaptive Cruise Control will make your journey smoother than ever, maintaining speed to the vehicle in front of you so you don't have to stop and start.

High Strength Steel Body

360° Monitor View -
Standard on Lux & Ultra

Adaptive Cruise Control

Turbo Charged Performance

4 Drive modes – Standard, ECO, Sport & Snow – gives you control over your drive.
Wherever you are, customise your drive to suit the conditions for a smooth and carefree journey.

Transmission

The second generation 7-speed Dual Clutch Transmission improves throttle response timing and increases efficiency to provide crisp gear shifts and a more direct drive feel.

Platform

A lighter platform lowers vehicle fuel consumption and in combination with multi-wheel chassis tuning, driving comfort has never been better.

Engine

The 1.5L engine adopts turbocharged technology, boosting output to 110kW and 220Nm of torque.

Jolion Hybrid

The Jolion Hybrid is equipped with the same wide variety of premium interior, connectivity and safety features as the Jolion Ultra but sets itself apart with a new front grille, new front LED and fog lights with blue accents, a new front bumper, new rear spoiler and new 18-inch alloy wheels.

Equipped with a 1.5L Hybrid engine and Dedicated Hybrid Transmission (DHT) to provide both high-efficiency and high-performance with a combined output of 139kW, 375Nm of torque and an average low fuel consumption of 5L/100km.

GWM Dedicated Hybrid Technology (DHT) is a core technology route in GWM's electrification roadmap which provides both high-efficiency and high-performance at the same time. DHT is aimed to provide solutions for both urban driving and interstate long distance driving.

Jolion Hybrid

Enjoy smooth and responsive performance when you need it, all while intelligently saving on fuel. Backed with high-level safety, the Jolion Hybrid was born smart.

Hybrid exclusive Glacier Blue exterior colour
